#### Why a Wellness Plan?

A Wellness Plan is right for every pet, at every age. We have carefully designed our plans to include the health checks, services, and diagnostics that provide the most comprehensive preventative care for every stage of your pet's life. On top of this you are able to spread out cost over a 12-month period and get special pricing on services included in your plan. Treats and toys aside, a Wellness Plan is one of the best gifts you can give your beloved pet!

#### Wellness Plans and Pet Insurance

The purpose of our Wellness Plans is to ensure that your pet receives all of the preventative care needed to keep them healthy, as well as proactively detect illness or disease. Wellness Plans are NOT pet insurance. With a Wellness Plan additional fees may apply for any illness-related diagnostics and all products. Pet insurance is meant to help cover costs associated with an unexpected illness or injury. Pairing our Wellness Plans with a pet insurance plan is the perfect pairing and means always being able to say "yes" to providing the best care for your pet. If you would like a recommendation for pet insurance, please let us know.
